About Our Booths

We use DSLR camera's, not point & shoot or webcams.

- Attendant on-site for the duration of your event.
- Up to 17 people have been in our booth. We are one of a few photo booth companies who can do this.
- Photo Booth rentals include unlimited sessions during the rental period, 2 photo strips from each session, one for the guests & one for you*.
- REPRINTS - If there is a larger group in the booth, additional copies can be made for those that need one.
- Memory Book, this is where your copy goes. For events that need a book, we add \$50 to the rental.
- Your images are posted on a "Password" protected website at no additional charge. Legally, we cannot post images on a webpage or Face book without getting written permission from each & everyone of your guests.
